

*The Children's Medical Center of Dayton
welcomes a new pulmonologist*

JAMES M. STARK, MD, PHD

- Fellowship trained in pediatric pulmonology
- Has a doctoral degree in microbiology and molecular biology.
- Board certified in pediatric pulmonology

Pulmonary medicine

- Staffed by pediatric specialists experienced in the care of individuals with respiratory problems.
- Serves infants and children as well as adolescents with both acute and chronic pulmonary diseases
- Developed the successful Asthma Care Program, which ensures children with asthma receive consistent, high-quality care as well as patient-family education.
